RE: Eastlake Middle School

On Tuesday, June 30th, there was a roofing project going on at Eastlake Middle School when the rain event impacted the roofing project. This work had been approved on April 27th, 2015 as part of agenda item N-5, where the Deferred Maintenance Budget and Community Facilities District Funds were approved.

The 800 building sustained water damage to the interior, fire alarms, and alarm sensors when there was an unexpected summer storm while the roof was being replaced. In addition, there was damage sustained to a portion of the electrical system as well as the carpets.

At this time, the contractor has been working closely with District Maintenance and Risk Management staff to remedy and repair any damage. The District will not incur a cost towards repairs due to the unexpected rain event that occurred, this responsibility will be borne by the contractor and their insurance.

It is anticipated and expected that the 800 building will ready when classes resume on July 22nd.
